

LISNEY RAISE €9,080 TO SUPPORT OLDER PEOPLE

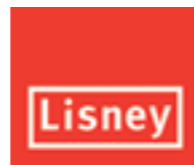

Lisney staff will be holding further fundraising events for ALONE throughout the year including a Tidy Up of ALONE Housing. The company will also support employees in becoming ALONE befriending volunteers and offer their professional skills by providing strategic property advice and services when necessary. Lisney launched their year long charity partnership with ALONE with an auction on the 27th of April. The highlight of the evening was a Kerryman trying to outbid a Dubliner for the signed Dublin GAA jersey! This item alone raised a staggering €2,800.

#RIGHT2HOMECARE

ALONE engages in government consultation on homecare

ALONE has joined forces with 12 other charities and advocacy groups (including Age Action, Alzheimer Society of Ireland, MS Ireland) to create a submission paper on the new statutory homecare scheme, as proposed by Minister of State for Mental Health and Older People, Helen McEntee TD.

“We need to work together in order to introduce a homecare system that works for everyone. We look forward to working with the Minister on this process, and hope to explore ways in which services can be allocated fairly. At the moment, there doesn't seem to be clarity on this. By making homecare a statutory service, it should provide people with care as needed - regardless of age, geography or economic circumstances.”

“As part of the consultation process, we hope to explore types of assessments which could be used to best allocate services in a timely and fair way. There does not appear to be clarity about how this currently happens. By placing the scheme on a statutory footing, it should provide people with care as needed - regardless of age, geography or economic circumstances.”

Happy National Volunteer Week!

It was National Volunteer week from May 15th - 21st. Volunteers are the backbone of **ALONE**. Without the generosity of our volunteers, we wouldn't be able to support and provide companionship to hundreds of older people across Ireland. At the moment, we have over **500** volunteers, who provided a whopping **46,800** hours for an estimated value of **€702,000** in 2016.

‘It is incredible the difference that only 1 hour per week can make to someone, and also the real sense of fulfilment that you get from volunteering with **ALONE**’ -

Aaron Gilmartin, Brendan Crean's volunteer.

ElectroRoute & Mitsubishi help older people to get out and about.

ALONE Support Coordinators and volunteers support over 500 older people each month. Our new Mitsubishi Outlander PHEV, donated by ElectroRoute & Mitsubishi, means we can visit vulnerable older people.

The **ALONE** car will also travel throughout the country offering specialised befriending training to other organisations within the Befriending Network Ireland (BNI). Learn more about BNI at www.alone.ie.

Thanks so much!

SPRING IS NATURE'S WAY OF SAYING... LET'S DANCE!

Thanks to your support, **ALONE** runs three dinner dances throughout the year for the older people who use our services and their Befriending volunteers. This year's Spring Dinner Dance took place on April 8th in the Red Cow Moran Hotel.

The sun was shining and so were the **116 older people and 56 volunteers** who attended this event filled with music, good food, and more than a little fun. Watermelon, roasted turkey, salmon and ice-cream were part of a delicious and very summery menu that also included two cakes to celebrate **ALONE's** 40th anniversary. Thank you to the older people, volunteers, and staff for making it possible and for creating an evening to remember.
